Summary

Dedicated and innovative web developer with a strong foundation in building responsive web applications using TypeScript, React.js, Node.js, Express, HTML5, and CSS3. Proficient in both front-end and back-end development, with a solid knowledge of AWS Cloud infrastructure.

With a keen eye for detail and a passion for continuous learning, I am committed to contributing to the team's success and further enhancing my skills in an environment that fosters growth and innovation.

Experience

Front-end developer

NIDAC Pty Ltd
06/2022 - Present

- Developed new features for a Node.js, Express, and React-based access control management web application, handling both front-end and back-end responsibilities.
- Collaborated closely with the UI designer to build and maintain the company website, ensuring a seamless user experience.
- Actively participated in the development of a CI/CD pipeline using GitLab and Docker, streamlining the deployment process for a greenfield web application.
- Worked closely with cross-functional teams to troubleshoot and resolve technical issues in a timely manner.

Sales Consultant to Sales Manager

New Pathway Real Estate
03/2016 - 12/2021

- Mentored 3 team members, stepping in to support the team and deliver smooth sales processes for customers.
- Coached sales associates on product specifications, sales incentives, and selling techniques.
- Used a consultative sales approach to understand customer needs and to close deals in a short period.
- Achieved sales goals and service targets by cultivating and securing new customer relationships.

Intern

Melbourne University Press
08/2014 - 12/2014

- Gathered user requirements and designed the web application and database based on the requirement analysis.
- Developed a forecast management web application using HTML5, CSS3, JavaScript, CouchDB, and Nectar cloud as the server.

Intern

Peazie Social Media Group
12/2013 - 03/2014

- Involved in the Agile software development process.
- Enhanced web development skills with JavaScript, and MVC design patterns.

Skills

Typescript, Javascript, React, HTML 5, CSS, Node.js, Express, REST API, PostgreSQL, MongoDB, AWS, Docker, Gitlab, CI/CD, Agile, Kanban, Scrum, Jest, React Testing Library, Firebase, Python

Education

Master of Information Technology

University of Melbourne

12/2014

Weighted Average Mark (WAM): H1

Bachelor of Software Engineering

ShanDong University

07/2012
